

I am a God fearing loyal American Tax-payer and I find it quite irrational thinking by the powers to be concerning this outlandish attack on this public information service. I implore you and your cronies to please divert your attention and any nervous energy you may have at this time towards more pressing issues concerning this great country of ours other than trying to silence XM Instant Traffic & Weather I respectfully reject the NAB's petition 04-160.

Thank-You & God Bless America

A loyal American & XM Sattelite Radio Subscriber
